Our Mission

Supporting families in helping their young children grow, learn, and develop to their fullest potential.

"I'm very proud of the success of my son's progression. After a very difficult pregnancy, Help Me Grow became like family and helped ease my parenting worries. I'm going to miss our home visitor... she's become like family. Thank you so much."

"Our daughter gained weight slowly during her first year and was slow in developing gross motor skills. Throughout the process [staff] have been extremely kind, patient, thorough, professional and helpful. In large part due to their efforts, Sarojini has just started crawling, which we had not thought would happen this year."
